SANTA ANA, CALIFORNIA, JANUARY 22, 1930

NUMBER SIXTEEN

"CHAPPY" KING TODAY

WARMER WINS PRESIDENCY IN ELECTION OF OFFICERS

A. Mason. M. Staples V.
Valentine To Take
New Offices

George Warner, president of the Y. M. C. A. narrowly defeated Baxter Geeting, sophomore class president, in the race for Associated Student Body president in one of the closest elections for many years, which was held last Wednesday.

Both Warner and Geeting are very prominent in student activities and athletics. Warner, besides being chief executive of the Y. M. C. A., is a member of the Bachelors' club and Beta Gamma and has played end on the football team two years, receiving all-conference mention last season.

George Warner Abbott Mason was victorious over Bill Hewitt for vice-president by a narrow margin, while Mildred Staples earned a close decision over Virginia Thomas for secretary. Vernon Valentine, present treasurer, was re-elected to his office over Owen Lempman.

The board selected the remaining members of the Executive Board early today and the new officers will assume their duties at the beginning of the new semester.

The present administration is as follows: Robert Chapman, president; Kenneth Tanaka, vice-president; Dorothy Harman, secretary; Baxter Geeting, commissioner of forensics; Rodney Chamberlain, commissioner of the Don; Clara Kate Owens, commissioner of social activities; Stewart McPherson, commissioner of mens' athletics; Mildred Staples, commissioner of womens' athletics, and Lavinia Compton, commissioner of the Algot.

College Debaters Conclude Season

In concluding a successful debate season, the Santa Ana junior college speakers will meet the Long Beach and Compton squads early in March. Resolved: "That the expansion of chain store systems is detrimental to the American people," is the concluding topic sent to the schools of the league by George H. Bell, commissioner of forensics.

C. C. Stewart, debate coach, has had a very successful season in debate and forensics, but will not be able to complete the season's work due to his transfer to the Pasadena junior college next semester. U. Grant B. Meyer, journalism instructor and faculty adviser for the Don, will take Stewart's place as instructor in public speaking, including debate and forensic coaching.

Don debaters, Jerry Tannenbaum, Ed Connor, Margaret Clifton, and Baxter Geeting are busy getting material concerning the chain store systems, a subject of immediate interest in this locality. Santa Ana's affirmative team will travel to Compton while the negative squad will meet Long Beach here. This debate will take place soon after Mr. Meyer has taken up Mr. Stewart's work.

Mr. Stewart wishes to announce that the national oratorical contest will soon be at hand. Students interested in this contest are urged to begin the preparation of an original, ten minute oration on the United States constitution. Last year, Arthur Gross represented the Dons in this contest in which some seventeen contestants representing both colleges and junior colleges took part.

Board Meets For Final Time Mon.

President Chapman presided for the last time Monday night at the meeting of the retiring Executive Board of the Associated Students. Much has been accomplished during the past semester. The board regrets the fact that, because of the rainy weather and other reverses, the Student Center has not been completed. However, the plans are now going forward and will probably be realized next semester.

Perhaps the greatest service rendered by the board has been un-noticed by the students at large, but when they stop to think about it, they may realize that there has been much less expense upon the individual this year than there was before. Most of the small, money-raising sales, which were a constant drain on the pocketbook, have been abandoned because the Executive Board has arranged a budget system, allowing subsidies to organizations for such of their activities as affect the students at large. Students must understand the Executive Board is not forcing this upon any club, but is merely offering help where the activity is of the whole college.

Perhaps some would like to know the percentage basis of division of income among the departments. They read as follows:

Social, 13%;	women's athletics, 6%;
men's athletics, 45%;	A. W. S., 1.2%;
forensics, 3.1%;	Algot, 27.4%;
miscellaneous, 4.3%;	Don, \$247.00.
Balance from last year	\$ 105.24
Student tickets	2,076.00
Football gate	4,959.41
Don advertising	130.50
Miscellaneous	95.45
	7,366.60

Junior Lions Name Members For Officers

Nomination for officers of the Junior Lions for the second semester were made at the meeting Monday night at Ketner's cafe and the final selections will be made at the next meeting to be held on February 3, at the home of Eric Twist, 1520 N. Main street.

Delmar Brown and Felix Garnsey are running for president, Bill Hewitt and Abbot Mason, for vice-president, Fred Humiston for secretary; Ed Meador and Eric Twist for treasurer; Leslie McDonald and John Wykes for tail-twister, and Vernon Valentine, Norman Wood and John Keeler for lion tamer.

Eric Twist, prominent Lion, has been singularly honored by being named secretary of this division of the Junior Lions, comprising all of California, Nevada and Hawaii. The announcement was made last night.

Plan Concert For Assembly Program

Miss Myrtle Martin, head of the music department of the high school and junior college, is formulating plans for a concert to be given during a regular high school assembly period by junior college students. Account of the mid-year examinations, the concert has been scheduled for the second week in February.

All branches of the music department will be represented in the program. Quartet and chorus numbers by the mens' and womens' sections including solos will be given. Instrumental and orchestra selections will be given also.

The various classes of the Santa Ana junior college music department have been called upon to furnish entertainment at social functions.

SEMESTER EXAM SCHEDULE

Schedule of Final Examinations
First Semester, 1929-30
Thursday, January 23 to Thursday, January 30

Morning Examinations, 8:00-11:00
Afternoon Examinations, 1:00- 4:00

Excerpt from faculty regulations: "Final examinations are mandatory in all courses except laboratory courses, and in these at the option of the instructor in charge. Final examinations are held regularly at the end of each semester and each examination covers the entire semester's work. Three hours are devoted to each examination. A passing grade is required in final examinations in order to pass in the course. Students are required to take the final examinations in order to pass in the course. Students are required to take the final examinations at the appointed time place in order to secure credit."

Dons Enjoy Big Snow Party Trip

Large quantities of snow rewarded about 50 students of Santa Ana junior college who drove to Forest Home last Saturday on the annual college snow party.

Two and one half hours driving brought the students to the first patches of snow, which became quite deep as the cars neared the top. Everyone pushed the cars through the worst places in the road.

Rain which had threatened in the morning, blew over and the weather remained fair for the whole day. Most of the students tramped through the snow to see the fish pools or climbed a steep hill that they might skii or toboggan to the bottom. Although it was a steep and dangerous slide, Raymond Gleasner and Bob Chapman proved themselves quite proficient in the art of skiing by maintaining their balance while coming down.

The students all brought their own lunch, but were furnished coffee by the social committee of the Santa Ana junior college. Everyone was very comfortable around the campfire which was built to cook the coffee.

Most of the Dons and Donnas were tired of the snow by two o'clock. The snow began to get slushy and a great number of the students got wet clothing so they drove back to Santa Ana, well pleased with the party. Many of the students also stayed later and then witnessed the San Bernardino basketball game Saturday evening on the Indian floor.

Proclamation Made By Grand Exalted

"Henceforth, hereafter, and forevermore no Bachelor may converse with a lady during Bachelor meetings, by telephone or otherwise", was the proclamation issued by Grand Exalted Chet Page at a meeting of the organization Monday evening at the home of Joe Warner, 315 W. Santa Clara street.

Accused on three counts of disturbing the peace, "Kench" Tanaka was found guilty in a kangaroo court and fined five swats. The defendant was first fined ten cents by the Grand Exalted and then he asked for a jury trial, which was granted him.

Chet Page, was judge, George Butler, prosecuting attorney, Bob Chapman, defending attorney, Ernest Stump, clerk and John Sweetnam, bailiff.

Election of officers for next semester is to take place at the next meeting. Today is Bachelor Sabbath.

Subject A Exam

On Friday, January 24 at eight o'clock in Room 11 of the Junior College Building an Examination in Subject A will be given. This is the entrance examination in English Composition required of all entrants to the Junior College. High school seniors who will complete graduation credits in February are eligible to take this test. The fee is fifty cents. This is not a University of California examination.

T. H. Glenn,
Head of English Dept.

LATE BULLETIN

11 a. m.—New officers appointed by the Exective Board this morning are as follows: commissioner of mens' athletics, Warren Schutz; commissioner of womens' athletics, Katherine Walbridge; commissioner of social activities, Ada Marie Hendrickson; commissioner of forensics, Margaret Clifton and commissioner of The Don, John Dunlap.

A. S. B. PREXY INSTALLED IN ASSEMBLY "KING'S DAY"

Commissioners For Next
Semester Are Named
In Meeting

"King's Day", that day of days on the Santa Ana junior college campus, is in full swing today as Robert Chapman, outgoing Associated Students president, orders students and faculty alike to do his bidding in all manner of pranks, silly stunts and extraordinary feats of strength and mind.

Concluding the days activities will be the assembly in charge of Carol Bertolet, who has arranged a program full of surprises and fun. However, the main attraction of this meeting will be the inauguration of George Warner, new president of the college. The other commissioners of the Executive Board, which were appointed this morning by the four elected members of that body, were also to be named and introduced at the afternoon session.

The annual "King's Day" is an old tradition of the college, at which time the outgoing prexy has entire charge of the school. Pages under his command go through the halls and to all classes, requesting any whim of the retiring leader. Such requests are usually taken in the light of which they are given and much fun and merriment results from the orders given by the pages. Chapman has concluded one of the most successful terms in the history of the school, numbering among its achievements the formation and introduction of a new budget for all school activities.

Cabinets Of "Y" In Joint Retreat

Details of the joint Y. W.-Y. M. cabinet retreat to be held at Strawberry Flats, January 31 to February 2 are rapidly being worked out. Two cabins have been secured for the group's convenience over the three day period. Miss Dorothy Cartwright, Miss Zena Leck and Mr. Walter Scott have been appointed as chaperones.

Lawson Watkins announced today that the purpose of the outing was to make further plans for the "Y" day which will be held on February 26. It is also understood that plans for the furtherance of the organizations during the coming semester are also to be discussed. Although the definite personnel of the group is as yet unobtainable, the following students have signified their intention of going: Francis Harper, Louise Ward, Virginia Thomas, Frances Larrabee, Lavinia Compton, Grace Haskell, Phyllis Jamison, Isabelle Sircusa, Pauline Prescott, Nelson Conway, Lawson Watkins, George Warner, Bob Chapman, Jack Crawford, Eldon Bragg, Leroy Arnold, Bill Crawford and Delmar Brown.

Want A Job?

There are many staff and business positions on The Don open to students interested in journalism. Anyone interested should apply at the Don office or get in touch with Rodney Chamberlain or John "Sky" Dunlap. Credit and remuneration are available if desired. Two advertising workers will be required and a chance to earn some money goes with these jobs.

Many To Hear Edna St. Vincent Millay

Of interest to many students and teachers in Santa Ana is the appearance of Edna St. Vincent Millay, America's foremost woman poet, in Balch Auditorium, Scripps college in Claremont, Friday, January 24, at 8 p. m.

Miss Millay will present many of her poems and readings. She is recognized as one of the best women poets and has won great fame in this line of work. Miss Millay's published books of verse are "Renascence", "Second April", "The Harp Weaver", "Second April", "The Harp Weaver", "Aria Da Capo", "The Lamp and the Bell", "Three Plays", "The King's Henchman", and "The Buck in the Snow". In 1922, "The Harp Weaver" was awarded the Pulitzer prize for the best verse published during that year.

Pictures Feature 1930 J. C. Yearbook

Pictures are to be featured in the 1930 Algot, according to Frank Mansur, business manager, and the book will be full of illustrations.

Algot staff pictures and the inside picture of the first semester's executives board remain to be taken. Any graduates who have skipped their appointments are advised to make special arrangements immediately.

Due to necessary adjustments, the entire budget has been reorganized. This year's book will be almost as expensive as the last edition. Fewer copies will be printed, however. The deadline on all work assigned up until January 23 is set for that date. The Algot is being assembled into shape, and the work is appearing in material form. The number of pages, type, motif, and paper to be used have all been decided on by the annual staff editors. A tentative dummy has been drawn up, but will soon be replaced by an authentic copy.

DON SPORTS

Southland Athletic Leagues Revamped

New Conference To Be Formed; Includes Six Preps And Junior College; O. K. Expected Thursday

Meeting Held In Santa Ana High School Office; Decides
Fate Of Southern California Prep
School-Jaycee League

New athletic leagues for Southern California, replacing the present junior college conference and many high school circuits, will be in effect starting next September, it was decided at a meeting of junior college presidents in Santa Ana last Thursday, when the executives decided to present the matter to the meeting of administrators of the Southern California junior colleges to be held at Fullerton tomorrow.

The present schedules are very unsatisfactory and the California Interscholastic Confederation, ruling head of high school athletics, was contemplating a change in the prep leagues. The junior college move was deemed advisable before these changes were made. By the new ruling, seven junior colleges and high schools of Southern California, having accommodations on the campus, will hook up in a joint conference.

Schedule Simplified

The plan, when approved, will call for one city meeting another city on the same afternoon with the high school team playing on one home field and the junior college team playing on other home field. By this means, schedule making would be simplified very much and leave playing dates and fields open from entanglements.

New schools included in the joint conference will be Fullerton, Pasadena, Long Beach, Compton, Santa Monica, Los Angeles and Santa Ana, it was decided at the meeting in Santa Ana. Although Los Angeles will have no high school competing in the league, it was deemed advisable to include this large school in the confederation because of its size. Chaffey and Riverside would also like to join up but did not want to break up the San Gabriel valley league, of which they are the most influential members.

Prep Leagues Broken up

Three high school football leagues would be affected by the changes in the present situation, the Coast Preparatory league, the Foothill league and the Bay league. Only four schools will remain in the Coast Preparatory league, San Diego, Alhambra, Glendale and Long Beach Poly. Huntington Park, Inglewood and San Pedro are being considered to take the place of Pasadena and Santa Ana, the retiring members.

The remaining six schools of the Southern California junior college conference, Glendale, Riverside, Chaffey, San Bernardino, Citrus and Pomona will play among themselves and then have a playoff series with the winner of the other jaycee circuit for league honors in all sports.

Physical Education Course Introduced

Designed to take the place of the regular physical education course and provide additional inducement in the form of theory and practice of leadership, a new physical education course is being added to the physical education department starting with the new semester.

Local Hockeyists See Pros Perform

All girls who journeyed to Fullerton last Wednesday, were certainly provided with a thrill. At this time the All-American hockey players met and defeated the Los Angeles Originals, by the score of 8-0.

The game was played on a wet field and during the last half it rained, making the playing very difficult. The excellent stick work of the All-American team accounted for their victory. They were very cool players, and their formation was excellent.

The All-American hockey team is composed of the best hockey players the United States and England, while the Los Angeles Originals are made up of women coaches who played hockey at Mills. Here they were under the coaching of Miss Hazel Cumberly, famous All-American team player. The former team is composed chiefly of players from Boston and Philadelphia. Eastern hockey playing is considered far superior to the western brand.

Schools from all over the county attended this exhibition game, the purpose of which was to create more interest in hockey. Girls attending this game from S. A. J. C. were: V. Herr, K. Kendall, R. Smith, H. Lee, M. Parsons, M. Adams, L. Marshall, M. Walton, G. Earley, F. Larrabee, M. Samuelson, L. McDonald, M. Staples, A. Steward, E. Hurd, H. Stein, I. Whisler, P. Jamison, K. Spicer and M. Westover.

tor in the Santa Ana junior college, will have charge of the new course which will be given five days a week from 2:55 p. m. to 3:55 p. m. On three days, the members of the class will have actual work on elementary school playgrounds and on the other two days, lectures on the theory of physical education. The class will fill the regular requirement for physical education and also count three units making a total of three and one half units each semester.

Ten elementary playgrounds are at present being conducted in the schools of Santa Ana. The boys will be assigned a certain school in which to coach and take charge of the junior Olympic games, boys baseball, both intramural and interschool, pentathlon program and track program. The students, in turn, will be under the leadership of the paid gym teachers in the separate schools.

Walbridge Elected President of W.A.A.

Katherine Walbridge was elected president of the Women's Athletic Association at the last business meeting of the semester, held Monday evening at Ketner's.

After the principal election took place, nominations were made for officers for the coming semester. Three of the present officers will remain in the cabinet, to continue their duties: Irene Whisler, hockey manager; Marion Parsons, swimming manager and Evelyn Bahr, tennis manager.

The following candidates were nominated for officers for the coming semester: vice-president, Katharine Spicer; secretary, Helen Hendricks; treasurer, Ruth Fitz; sophomore representative, Lillian McDonald; freshman representative, Elsiebell Hurd; baseball manager: Jean Anderson.

A meeting of all W. A. A. members will be held during the first part of next semester. At this time further nominations will be made. Voting will take place following the closing nominations.

At the close of the business meeting Mrs. Ellen Foote was presented with a scroll, bearing little messages from the outgoing cabinet. Tables and decorations were very attractive, due to the efforts of Maybelle Ball.

Those girls present at the meeting were: Mildred Staples, Katharine Walbridge, Maybelle Ball, Marion Parsons, Louella Marshall, Evelyn Bahr, and Mrs. Ellen Foote.

League Standing

Los Angeles, Long Beach, and Chaffey ruled the roost in the Southern California junior college basketball conference as the result of victories in the last round of play last week.

Santa Ana dropped down into the second round by losing to San Bernardino; while Los Angeles subdued Riverside, 55 to 21 and looked like the team to beat for the pennant. Long Beach trounced Citrus 38 to 18 while Chaffey walloped Pomona, 36 to 11.

The standings follow:

Junior College Conference			
Los Angeles	3	0	1000.
Long Beach	2	0	1000.
Chaffey	2	0	1000.
Riverside	2	1	.667
San Bernardino	2	1	.667
Citrus	1	1	.500
Pasadena	1	1	.500
Santa Monica	1	1	.500
Glendale	1	1	.500
Santa Ana	1	2	.333
Fullerton	0	2	.000
Compton	0	3	.000

Pat: "Want a good job, Freshie?"
Carl: "Yes, sir."
Pat: "Go stand in front of the mint there is lots of money in it."

San Berdoo Wins Third Game 33-24

After tying the score three different times, the Santa Ana junior college basketball team slumped in the last few minutes of its contest with San Bernardino Saturday night and allowed the Indians to win as they pleased, 33 to 24, putting the Dons hopelessly out of the running for the Southern California junior college conference championship.

Long Beach trimmed the Braves last week because the Viking floor was so small, but the Dons had the kick coming Saturday when they found the spacious gym at San Bernardino so large that they ran themselves into a state of exhaustion trying to catch up with the Redmen who presented one of the classiest outfits in the conference. San Bernardino's veteran hoopers played better ball than the Dons, despite the fact that Coach Bill Foote's cagers held them in check for three quarters.

Both sides scored freely at the outset, but Santa Ana was fearfully weak at throwing baskets as the first half drew to a close. With the count 17 to 10 against them, the Padres were fortunate to win a series of free throws, of which they sank five to bring the count to 17 to 15 at the close of the first period. Delmar Brown and Max Appleby were the most consistent Santa Ana scorers during this period, but Hal Dunham-forward, was the best Don on the floor.

Cunnison, San Bernardino sharp shooter, gave a nice exhibition of hitting the hoop, sinking eight points in each half, and Sands and Stockton, veteran guards, did a good job of keeping the Dons at bay.

The Dons overcame their two point handicap soon after the start of the second half and again tied the count at 21-all a few minutes later. Both teams fought desperately for the next few minutes with "Ken" Tanaka for the Dons and Stockton for the Braves dropping a free throw through the meshes to tie the score at 22 to 22. After this, Santa Ana became weary and a path was worn to the local hoop by the elusive Indians. The closing minutes found the Dons in complete rout and San Bernardino scoring as it pleased.

The lineup:
Santa Ana (24) (33) San Berdoo
Schuchardt (2) ..F..... (1) Adams
Brown (4)F..... (16) Cunnison
Twist (3)C..... (4) Livingston
Sweetnam (1)G..... (5) Stockton
SquierG..... (4) Sands

FOURTH & BROADWAY

League Leading Panther Quintet Opposes Santa Ana Cagesters Friday Night January 24, On Local C

Dons Seek Revenge For Football Drubbing Handed
By Chaffey Eleven; Will Endeavor To Break
Triple Tie For Conference Leadership

Revenge will be in order Friday night, Jan. 24, when the Chaffey junior college basketball team invades the local court for the next conference game with Coach Bill Foote's cage squad offering the opposition. The Dons will be out to avenge the double defeat handed them by the Panthers during the past football season.

The conference is now deadlocked in a three way tie with Chaffey resting firmly on one corner. Los Angeles junior college and the state champions of Long Beach being the other two contenders for the league leadership. None of these teams have been beaten in a conference game.

Coach Mitchell is determined to annex the Santa Ana quintet to his string of victories, and it is evident the Dons are going to offer the toughest opposition seen on the local court this season.

Keough is the big scoring threat of the Panther team, with McCormick and Halsinger running him a close second. However, Keough may be out of the contest due to a foot injury.

The Panther record shows that there can be no doubt as to their caliber. So for this season they have defeated Pasadena and the strong Pomona quintet by a good margin giving every indication that Friday night's game will be one of the hardest fought battles of the season.

Locals Victorious In Practice

As the "Don" was going last Tuesday night Coach Foote's men through two of the practice games of the season first tilt was lost by one point to Bill Cole's Tustin high school 19-18, while in the second Foote's regulars downed the Clothiers of Orange in a hard battle winding up with the Dons ing the large end of a 28-22.

The second team played basketball at times and was to locate the loop with a fair of accuracy. The last half was decided until the last second play. Bertolet bagged a nice from near the center of the during the last quarter.

The first stringers showed classy basketball by defeating strong Price Clothiers.

Press Club Party To Honor Advisers

DATE SET JAN. 24

U. S. C. Journalism Head To
Address Press Organiza-
tion At Function

One of the most colorful social affairs of the season will be given by the members of the Press club who will be host to its three advisers on January 24, at 7:30 p. m. in the "Y" hut. C. C. Stewart, past adviser of the club; U. Grant Meyers, present adviser of the club and Edgar A. Flower, the new adviser of the club, are the guests of honor.

Mr. Stewart, last year's adviser, leaves Santa Ana to join the Pasadena educational system at the end of the term. Meyer, present adviser of the club, will be advanced to the public speaking department. Flower, who will be in charge of the journalism division will be the club's new adviser.

An excellent program has been arranged by the social committee according to Doyle Stockton, president of the writers fraternity. Miss Corinne Nelson will play several piano solos. The college glee club quartet promises to give several selections. Several other numbers are being arranged.

The main speaker of the evening has not been definitely announced, but officers of the club stated that either Mr. Goodnow or French of the journalism department of the University of Southern California, will probably be selected.

Book Review

VICTORIAN BIOGRAPHIES
By Lytton Strachey

For many years an accepted theory has been that all biographers are dry and uninteresting. The average person hardly thinks of sitting down and reading a biography for diversion. But the art of writing biographies has been modernized and Lytton Strachey has had much to do with this change.

The lives of historical characters, when told by this author, have as much romance, excitement, and mystery as one could wish for in any modern novel. But Strachey doesn't wander from the truth in order to provide his biographies with interest. Rather than that, he goes farther into the truth, searching out thrilling incidents and bits of romance which other biographies have over looked or disregarded.

Two of Strachey's best biographies are "Queen Victoria," and "Elizabeth and Essex." The former was one of the pioneers in the field of popular biography, having been published in 1921. "Elizabeth and Essex" a tragic history, made its appearance in 1928.

Press criticism of "Victoria" and "Elizabeth and Essex" differ greatly. Most critics seem to unite in declaring "Elizabeth and Essex" the best book Strachey has ever written. Some state that it is as great work; that is imperishable prose. Both books are easy reading and of intense interest. Even though Strachey may not know the Elizabeth age nearly as well as the Victorian age (as one critic has suggested) at least he knows it well enough to paint a remarkable picture of the times.

Linotype Courses Filled To Capacity

T. E. Williams, head of the printing department of the junior college, stated today that all classes in linotype were filled for the semester. The accommodations of the class are limited for the students have access to only one machine. There are a number of students now that are desirous of taking the course, but on account of the number of high school and junior college students now enrolled, it will be impossible for any more enrollments in this department.

WORLD TOPICS NEW PROGRAM FOR Y. W.

Miss Frances Harper, president, stated that for the coming semester, stress will be placed on International affairs and any subject dealing with this topic will be brought in and discussed by various members and also outside speakers. A number of current events relating to world affairs were given by some of the members at Monday's meeting. Similar programs will be tried again soon to see if interest continues.

Beta Gamma Society To Add Members

Initiation of new members of the Beta Gama will be held in February 4 at its business meeting. The four new members are: Abbot Mason, George Warner, Baxter Geeting and Mary Ford, according to Delmar Brown, president of the society. Membership is confined to students who have twenty grade points per semester and who are prominent in extra-curricular activities.

New members for the coming semester will also be considered at the meeting.

NEW MEMBERS VOTED INTO BREAKFAST CLUB

Motion pictures and new members were the order of the day at the regular meeting of the Breakfast Discussion club last Sunday morning.

Following the discussion Mr. Fisk coaxed the members into the back yard and took approximately 20 feet of film with his Cine Kodak.

The following new members were chosen to fill the vacancies caused by the withdrawal of several members: James Stafford, Eldon Hermes and Floyd Risewick.

The group was honored by having Faris Edgar present. Faris, is an alumnus of Santa Ana junior college and is now attending U. C. L. A. where he is majoring in zoology.

Amateur Movie Folk Offered Revue Parts

Attention of all college students is called to the fact that a movie entitled "The Collegiate" is to be filmed by the Santa Ana Movie club. This production is to be all-talking, dancing, and singing.

Emmette Osborne, prominent in Los Angeles musical circles, is to be in charge of the miniature musical comedy. A ten piece orchestra and chorus numbers will be featured throughout. This is an amateur production in all senses of the word.

All students who are interested should sign on the bulletin board immediately. Appointments for try-outs will be made soon.

STUDENT'S EYES

Like the dim lights of the automobile when the engine runs weakly, the eyes must have a strong body to keep them fit. Nothing can mean so much to the student as good eyesight. The eyes are his main tools and to maintain their efficiency means proper care.

Consult the oculist, if necessary, wear glasses. Irreparable damage is caused by people not wearing them in many instances.

A simple remedy that is effective is the use of a cool rag placed on the eye lids and held there until the cloth is warm, cool it again. This should be practiced for several minutes at a time and several times a day, according to a famous eye specialist.

This relaxes the eyelids as the application stimulates circulation about the eye and thus greatly benefits them.

A suggestion has been made to save the eyes and also develop the mind is that of skimming over the reading matter instead of reading line for line. True much material cannot be handled in this manner, however, many writers are capable of reading almost as fast as they can turn the pages.

One can strain the eyes considerably by lying down or reading in a glaring light, or under a poor light.

TEA DANSANT PLANNED

Santa Ana J.C.Dons and Donnas are invited by the Associated Women student to attend a tea dansant Friday afternoon, Feb. 7, from three to six o'clock in the gym. Good music and refreshments are promised. The dance is a non date affair and no admission is to be charged.

"Time To Crab"

"Mexicans Grasp Adult Educational Opportunities," Says Mrs. Weston

Higher Learning Used As Pancea To Banish Ignorance
Locked By Shades Of Cortez And Lenin

"Since the entrance of Cortez into Mexico 400 years ago the Mexican people have been an oppressed nation. But in spite of this traditional heritage, which has been stunted at the expense of education, the art of appreciation has developed to one of the outstanding traits of these people." This was the picturesque description given by Mrs. Golden Weston, who is director of Adult Education of Santa Ana. Under Mrs. Weston's leadership are three high school instructors who are giving instruction to the group gatherings of Mexican people. The subjects being taught are sewing, cooking and English.

"What is the purpose of this work," the reporter asked.

"A chain is no stronger than its weakest link," Mrs. Weston explained, and then continued, "The purpose of this work is to bring up the standard of its citizens by educating the poorer classes and those who are eager to learn but are unable to attend schools on account of their meager earnings."

The school board realizes that a man's value to the community is measured by the amount of education he has had. To make him a law abiding citizen he must first be able to understand the laws and rules of society.

The Mexicans are not a criminal class by instinct. If they are put in jail, it is not because they are intentionally criminals but because they do not understand the rules of society. The limited education of the Mexican race has been realized by the Mexican government which is today spending one-tenth of the national income for its educational program.

"Our workers find the Mexican people are very hospitable and show a keen appreciation for our help to them. In one of the classes conducted in typewriting, one of the young men of the class came up to the teacher and thanked her for the instruction. (I wonder if that phenomena ever occurred on our campus). The Mexican people are very orderly class and are of a very artistic nature. In their making of laces and their work in music they are of high order. Perhaps one of the most beautiful pieces of the world is "La Paloma" which is over four hundred years old.

The Mexicans show much enthusiasm for learning. Many of the students are laborers who work many hours a day at menial work from which they return late in the day, in order to acquire knowledge. They want to know more so that they may understand their white brothers who have been so kind to them.

They are, as has been said, natural artists and this is shown by

the numerous movie stars that have appeared in the latest productions.

The educational division has been quite active in the promotion of social functions, for the Mexican people are very fond of social life of which the opportunities are sadly lacking. Social dances are being promoted for them in the local high school gymnasium every month.

Prisoners Receive Instruction
Another branch of the educational program is the teaching of prisoners of the county jail. The prisoners show a keen interest in the instruction which consists of spelling, reading and writing. Classes are held three times a week with a two hour session. The work is excellent for it allows the prisoner to think constructively instead of destructively.

Board Opens Night School Soon
At the present time two-thirds of the state is conducting education for adults in night classes. In the 3,388 classes there is an enrollment of 161,290 pupils. The subjects vary from mechanical trades to the most scientific work. A number of these schools offer credits to the students enabling them to continue in universities or to certificates of scholarship.

Jaycee's Noted Educator
Dr. Gertrude Laws, who is conducting classes on the junior college campus on human behavior, is also instructing in Spanish parental and dress in this educational work. Dr. Laws is a noted authority on child study and parental education. She is assistant chief of the California Parental Education.

Santa Ana board of education will commence free night classes in both avocational and vocational subjects on February 6. One night per week will be conducted and the classes must have an enrollment of twenty.

Why Educational Expansion?
Today, Soviet Russia is deeply interested in educating her peasants and the government is conducting school sessions in every community, where the entire community gathers for instruction. Classes are held for from three to four months; social problems, literature and philosophy are being taught.

Many other European nations are rapidly organizing night schools for their working class of people.

Education importance and vitality is due to the rapid change in economical conditions and the mechanical era. Never before has competition and living been so rapid and progressive. Industry demands that its workers are trained and educated.

The old adage, that education is an experience from the cradle to the grave now dawn upon us with a vivid and fuller meaning.

Noted Lecturer To Speaks On "Y" Day

Doctor Baker, one of the greatest student leaders in the west will be the main speaker of the "Y" day program, which will be conducted by the junior college "Y" organization on February 26. The Methodist Bishop of Korea and Japan was one of the original founders of the Wesleyan foundations, which is a religious organization in the leading universities of the country.

The bishop will appear at numerous functions during his two day stay in Santa Ana. On Tuesday noon the doctor will appear before the Rotary club. From five to seven o'clock the doctor will speak before a congregation of Orange county ministers. At 7:30 that evening, Dr. Baker will be the guest of the junior college faculty in the cafeteria.

On February 26, Wednesday, Doctor Baker will be the principal of the "Y" day.

SPANISH CLUB SOCIAL POSTPONED UNTIL FEB.

Rainy weather and bad roads were the reasons given by the officials of the Cervantes club for the postponement of the much talked of box-social to have been given by the club on January 15 in Orange.

Account of the mid-year examinations the club will hold this box-social and the election of officers about the first of February.

Russians Meet At Bertolet Home

Jack Dutton, Czar announced today that the members of the Russian club would meet at the home of Carol Bertolet, 609 1-2 South Ross, at 7:30 p. m. on February 1st for a short business and social meeting.

Elections of the mid-term officers will be held. A rare treat in the form of a Russian menu prepared by a Russian chef is promised.

The Russian club is rapidly becoming one of the most active groups of the campus.

COLLEGE DEGREES IN PRINTING NOW

Thomas E. Williams, print shop instructor, has received word that the Carnegie Institute of Technology is offering a four year course stressing the mechanics, management of plant and office, design, and all fine printing to students who have already had from two to three years of this subject.

"The University of New York and University of Toronto offer a Bachelor of Science degree for the first time in the curriculum of printing," states Williams. Students who are now enrolled in our shop are capable of continuing this study on into the universities. They gain only the essentials in the secondary schools.

A graduate of one of these universities may secure executive position as managers and directors of large printing plants. These places often pay as high as \$5000 and \$6000 a year. Special summer sessions of six weeks each are being given by these universities as an added inducement to the students to enroll for the four year course.

Dona: "Did you profit by Prof. Glennman's lecture on anthropology?"
Don: "I'll say I did. I got ideas for three new wisecracks for my flivver."

Earthquake Fails To Disband Party

ARTISTS JARRED

Chroma Club Bridge Players
Use "Tremors" To
Play Game

"Earthquake bridge" caused quite a little tremor of excitement among Chroma club members who met at the home of Miss Maybelle Ball, 111 West 17th street, Thursday, January 26.

Preceding the bridge, a short business meeting was held. Election of officers resulted in the unanimous election of Mary Louise Wallace for president, Maybelle Ball for vice-president, and Goldie Peale for secretary and treasurer of the Chroma club.

Four tables of bridge were arranged and members started playing after "shock" one had been experienced. Shock one consisted in changing hands, according to directions, after the bidding. Various other shocks resulted in certain players having to keep a candy sucker in their mouths during four hands, and having to play a hand with their fingers tied together. Winners at each table were presented with surprise gifts.

Delicious refreshments were served by Mary McHenry and Hazel Guilbert. Those present included Maybelle Ball, hostess, Anna Gilles, faculty adviser, Abbott Mason, Mary McHenry, Hazel Guilbert, Ruth Juhlin, Grace Marcher, Mildred Staples, Lillian McDonald, Florence Brownridge, Jackie Harris, Mary Louise Wallace, Geraldine Cole, Adele Wilson, Dorothy Beasley, Isabel Johnson, and Corinne Nelson.

COMPLETE KIPLING SET RECEIVED BY LIBRARY

A complete set of Rudyard Kipling's writings have just been received by the Santa Ana junior college-high school library. This set, known as the "Outbound Edition" is the most complete collection published. There are 28 volumes, beautifully bound and well illustrated. These books of Kipling's are to be used, chiefly, for reference work, rather than for circulation.

Another valuable addition is a collection of volumes on modern American poetry. These were purchased for the benefit of the modern poetry class. Although other interested students have access to them as well.

New books are continually being added to the junior college library, and new subjects are being introduced, to meet the interests of everyone.

OVER THE EDITOR'S DESK

TO CALM THE TURBULENT WATERS

The Don wishes to make an apology to the Junior Lions and Brotherhood of Bachelors for an article in last week's paper which stated that the presidential election had narrowed down to a race between the Bachelors and Junior Lions. The reporter did not infer that the two organizations as opposing parties in the election but merely referred to the fact that each by chance, was a member of one of the leading fraternal orders.

In fact neither order took any part as a body in the election. It might also be of interest that none of the political advertisements were run at the request of either organization.

ALMA MATER

It is common gossip that students, upon graduating from a junior college, immediately forget their former school and friends among students and faculty. This not the case with graduated Dons for every week several return to visit their Alma Mater. Two former members of the Executive Board have recently written rather homesick letters to the Don, both regretting that they couldn't bring back the old days but finding solace in reading the weekly Dons sent to them.

KINGS DAY

On King's Day, the last day in which retiring officers hold office, the president of the Associated Student body rules the college. Whatever he says shall be, according to tradition.

Most of the faculty carry out the small tasks or requests asked of them but there are always a few who fail to enter into the spirit of the day and ignore custom. Occasionally the "king of the day" may ask something which the teacher can't do or allow, however, it usually entails nothing more than dropping for a few moments the pedagogical dignity and certainly helps to promote a feeling of cooperation and good will between students and faculty.

AN OPPORTUNITY

Now that barbers have raised the price of a shave to thirty-five cents it is high time that loyal Scotchmen of Santa Ana Junior college get organized and promote another beard and mustache growing contest this year as was done last spring.

For over a month various styles of hirsute adornment in red, black, and blonde shades disguised Don contestants. Several appeared on Fiesta Day with very creditable beards in the true Spanish style.

Comic Character Of The Prints

Etaoin Shrdlu is perhaps the best-known comic character in the American press. With all the puckishness of Harpo Marx himself, he pops up in the most unexpected places and at the most inopportune times, always to be widely applauded for his incomparable drollery. So it may be of interest to know what his origin is.

He is popularly believed to be the result of some mechanical error on the part of the linotype machine. This is thought to slip a cog, or some other dido, and thus bring him into being. This is incorrect. He is the result of an error not on the part of the machine but on the part of the operator. What happens is that the operator makes some kind of a slip so that he does not wish to complete the line he is working on. But the inner works of the linotype are such that a line must have a certain amount of letters dropped into it before it can be sent to the mold to be cast. So the operator feeds it letters as quickly as he can by running his finger down the band of keys in front of him, expecting to throw out the faulty line when it comes from the mold, but sometimes forgets to do so. The keys are arranged

in this order:

R S C V X
 T H M B Z
 A R F G @
 O D W K \$
 I L Y Q &
 N U P J —

So it can easily be seen that when he runs his fingers down the first two rows, Etaoin Shrdlu stands a good chance of getting into the paper, and that is a few more letters are needed, and the operator starts into the third bank, Etaoin will have a few honorary degrees to his name.

Etaoin Shrdlu is 44 years old, having been born in 1855 on the same day as the linotype machine. He is unmarried. He informs us that he has taken the blindfold test and chosen Old Golds without even having to use what he laughingly calls his brains.

Ellen Snelly: "I've just come back from the beauty parlor."

Theodore Roth: "Too bad you weren't waited on."

Can't make out word. Don't write—Telegraph.

SNOW!

"Eek! Eeeee! Oooo! Stop, you brute! Take that snow out of my neck. I'm freezing—it's running down my back! Oh quick, take it out." Such were the frequent scenes enacted on the Don snow party last Saturday. Now what can the poor male individual do in a case like the above? The girls want to have their faces washed in snow by their big, strong companions, but as the saying goes, "When they get what they want, they don't want it." Of course the girls won't admit they desire a rough and tumble fight, but frequent snowballs, chiding, and the "regular line", which is so familiar to all girls, soon comes into use. The poor fellow swallows the "line" like a good fish—hook, bait, sinker, and all. After the action has completed its round, our "browbeaten male" returns to his humdrum existence, stinging under the rebukes of the girl who had a little too much snow stuffed down her neck. Now I ask you, can legislation be enacted prohibiting the repetition of the above scene?

Even if the snow does always present opportunities for snow fighting, the fun obtained in tobogganing, skiing, etc. is not in the least second to the other sport. It's great sport to go sailing down a hill on a sled, but it is just as much fun to slide off and go plunging head over heels in snowy drifts. Man, what a thrill one gets when halfway down a hill, the skis get going faster than ones body and down he comes to roll and slide off the trail into deep snow. Snow—the most beautiful scenery in the world—is surely a wonderful playground.

CINEMA

DYNAMITE (M.-G.-M.)

The sound device has been a great help to Cecil B. DeMille. His world of mythological characters in modern dress, violently evil or spotlessly good, his famous parties, his women in beautiful gowns, his mother-of-pearl bath tubs, his dancing girls and colored confetti were all ephemeral. Their life in your mind lasted only for the moment they fluttered before your eyes. Now that you can hear them too, they endure better. "Dynamite", though ridiculous, so powerfully effects all nerves exposed to it that it will undoubtedly make money.

A rich woman (Kay Johnson) who wants to bribe the wife of her lover to set him free cannot touch her inheritance until she is married. She hires a man about to be hanged for murder to be her bridegroom. Pardon me, he makes her stick to her deal. This is one corner of the vast, explosive, dastardly plot. Other corners: a cave-in at a coal mine; a parrot saying, "I'm a good girl" and being told "you're the only one here."

Kay Johnson, daughter of Architect Thomas Robert Johnson, was an artistic, ambitious girl. She left Grew Seminary because she wanted to be an actress. Her diploma from an expensive dramatic school got her a job on the stage of R. U. R. She grew more assured in "One of the Family" and the "Beggar on Horseback". Metro Goldwyn-Mayer put her on a long contract because some official of the company had taken a liking to her husky voice when she was playing "The Silver Cord" in Los Angeles. Stencils of her biography contain the words ride, swim, tennis, piano. Her husband is Actor-Director John Cromwell.

Letter To The Editor

Being a Bachelor I feel that I can speak freely for the club when I say we deeply regret the article which appeared in the last edition of the Don, pertaining to club politics between the Bachelors and Junior Lions.

I wish to emphatically deny the connection of the Bachelors in politics. And I sincerely hope that this untimely business has not marred the friendly relations between the two fraternities.

I am sure some uninformed party wrote the article and I wish to assure ourselves of the fellowship of the Lions' club.—Robert Chapman.

"NOTED STUDENT"

FRANCES HARPER

Another Orange graduate appears on the horizon this week in the person of Miss Frances Harper, president of the Y. W. C. A. and a prominent student in all activities of the Santa Ana junior college.

Miss Harper graduated from Orange Union high school in 1928 and entered the local college in September. At Orange, she was vice-president of the student body, song leader of the freshman, junior and sophomore classes, vice-president of the glee club, vice-president of the music club, member of the Honor Society, drama editor of the school annual, member of Girls' League cabinet for two years, a dramatist and played on the basketball, hockey and baseball teams.

Ever since Miss Harper entered Santa Ana, she has been very prominent holding such offices as Y. W. C. A. president, A. W. S. cabinet officer, member of the women's quartet and all athletic teams. As to future aspirations, plans are slightly indefinite except that Redlands University will have her name on its rolls next year. After that—well, why worry.

PERSONALS

According to announcements in the hall, George, or rather the associated students' president, and Katy Walbridge, and George's father, Rev. Warner, went to see the Stratford players in "Midsummer Night's Dream" at the Belasco.

Mrs. Eleanor Northcross, Miss Agnes Todd Miller, Robert Northcross, Eleanor Metzgar and Mary Ford also went to see a Stratford production one evening last week.

Don reporter: "Have you done anything interesting lately for the 'Don' personals?"

Marjorie Swietzer (showing disgust): "You can say I have been writing term papers."

Did you know that Nancy (is the Cox necessary?) is going to move to Long Beach at the end of the semester? Now who is going to substitute the baby blue eyes?

"Toots" Staples saw the mid-winter sports carnival at the Los Angeles

Did you see the "red cross" effect on Jack Dutton's hand? It was the result of a very exciting episode encountered on the way to the party of the Chroma club the other night. You see, it was this way—as Jack says,—he was going along in his car and Kench Tanaka was with him, when an old guy in a Ford comes right out of the road. Jack swerves his car (this is with ample demonstration) and presto! he is on top of Kench, and Kench is on the pavement, and the car is resting neatly on top of both. Well, as Jack says, he can't see any reason for the accident. The only possible explanation that I can see is that Jack's car didn't have any lights or brakes or horn, and he was going just a little bit fast, probably about 55 or so. It must have been the other fellow's fault.

How it Was Done

A man asked an old negro servant to get him a good turkey. "Mind you, Sam," he said, "I don't want a wild turkey."

"I'll get you a tame one, boss," said Sam.

The turkey arrived. When the father of the family began to carve it his knife struck something hard. It proved to be a pocket of shot. He sent for Sam.

"I told you not to bring me a wild turkey," he said.

"That was a tame turkey, boss."

"But I found shot in him."

"Don't you worry, boss. Dat shot was intended for dis nighah."

JOKES

Abie: "Papa, vat is science?"
 Abie's papa: "My, how could you be so dumb! Science is does things vat says, 'No Smoking'."

Athletes may come, athletes may go, And fade as in a dream.
 The horsefly is the best of all, He's always on the team.

Prof: "How many times have I told you to be to class on time?"
 Student: "I don't know. I thought you were keeping score."

He: "May I kiss you?"
 She: "What do you think I'm doing, waiting for a street car?"

Eunice: "What did you have for lunch?"
 Helen K.: "Three guesses."
 Eunice: "No wonder you are so hungry."

Sign on Drug Store: Take home a brick, you may have company.

Pat arrived home looking the worse for wear—one eye closed, nose face bruised and several other decorations.

"May the blessed Saints preserve us!" said Bridget, his wife.

"That Dutchman Schwartzheimer," said Pat; "twas him that did it."
 "Shame on you," said Bridget. "A big spalpeen loike you to let a little Dutchman the size of him to bate you up. Why—"

"Whist, Bridget," said Pat. "Don't you be speaking disrespectful of the dead."

"Ah, my boy, I owe a great deal to one woman."

"Your mother?"

"No, my landlady."

He: "Was your grandfather in comfortable circumstances when he died?"
 She: "No, I guess not. He was under a freight train."

Father (who served in the Big Scrap): "And that, my son, is the story of my experiences in the World War."

Son: "But papa, what was the rest of the army used for?"

First Cannibal (running into the camp): "Is I late fo' dinna'?"

Second Cannibal: "You is. Everybody's eaten."

"I just made a tall man short."

"Marvelous. How d'ya do it?"

"I borrowed five smackers from him."

Stern father (to son departing for boarding school): "Now, don't let me hear any bad reports about you."

Son: "I'll try hard, dad. But you know how those things leak out."

Who are the two largest ladies in the United States? Answer—Missouri and Miss Issippi.

Why is it dangerous to keep a clock at the head of the stairs? Answer—Because it sometimes runs down.

What time do people do all their talking? Answer—A life time.

The hard part is to find a girl attractive enough to please you and yet dumb enough to like you.

STREET CARS

Heralded by its whistle before it comes in sight, The big red car sweeps grandly into the early morning light, Reflected in its windows, shine the rising sun's first beams. Pompous, regal, by itself, a lonely thing it seems.

Too proud to follow beaten paths, it seeks a way apart, Yet inside the big trolley car there surely is a heart. Bound to those narrow rails of steel, it is a thing in chains, Obligated to labor ceaselessly through winds, or cold or rain.

Its whistle shrills incessantly, sleepy echos waken, And leaves upon the wayside trees by its passing noise are shaken. It stops to rest, from time to time, while sleepy people climbed in. A drowsy silence rests upon the drowsy folks within.

It is a time for musing, and minds may wander far, But many yet are dozing, lulled by the swaying of the car. A few converse in lowered tones, afraid to break the spell. But all the while the whistle shrieks, loud sounds the clanging bell.

But soon some children come on board wide awake and gay, The quiet brooding of the rest is shattered for the day. Before the people know it, they are laughing at the fun, And they're quite awake and cheerful by the time the journey's done.

EXAMS

"Hey, you!"
 "Yes . . . ?"
 "Can I borrow your Libby to—"

"Sorry, old man, but I'm using it. Semester exam tomorrow, you know."

"Do I know! I've got to read the thing from cover to cover."

"Lose yours?"

"Never bought one. Brown took it last year, you remember Brown, and he absolutely swore it was a snap course—so I signed up. He said it was so blamed easy you didn't have to buy a book, let alone pay attention in class. I haven't."

"Gee, that's tough. You'll find a copy probably. Any in the Lib?"

"Nope."

"Oh, well, who'll ever remember it six months from now—"

"Dad will. I can't graduate without it."

Moral: Never trust your well-meaning friends who advise you about snap courses."

"Don't worry—I'm itching to get my fingers on Brown's throat."

"Here comes Janey. Say, try her, she takes Libby. I'm off to Econ class. So long."

"Hi, Janey."

"Hello."

"Janey, old dear, have you a stray Libby?"

"All my Libby's gone astray, if that's what you mean."

"It isn't. I want to borrow your book."

"Say, what do you think I'm going to do all night. Sleep? By tomorrow morning I hope to be one book wiser."

"Can I come over and study with you?"

"A lot we'd get done."

"Aw, have a heart. Babe, I'll even take you riding in my new Ford when we finish."

"Well . . ."

"How's seven thirty?"

"All right."

"Oh, say, let's see that show at the Broadway—it's a pip. We'll study afterwards."

"I'm on. Who'll remember the ex six months from now anyhow."

"Right you are."

"De chef at the Green Parrot has been cooking fo' twenty years."

"Ought t' be almos' done by now."

Real International Debate

Heide: "How do you like your electric washer?"

Louey: "Not so good. Every time I get in the thing, those paddles knock me off my feet."
